the question of phasing the outlay on the matters could be taken up for discussion with the Planning Commission, NEW Delhi

Letter No. 71 dt 16-5-56 from the Dir of Archaeology

15 It is reported that the conservation & upkeep of State monuments which are under decay is of urgent necessity as they are in a the money required for the purpose has to be found under the grant in the five year plan as there are scanty resources in the State. Such schemes proposed by the Central Deptt. of Archaeology have been included in the five year plan & the scheme submitted by the State Deptt of Archaeology is an extension of that principle.

16 The Dir requests that the two schemes sent by him in his letter dt 17-2-56 may be included for discussion & consideration with the planning Commission. He suggests that the amount involved can be met even from the Reserve of the general funds of the five year plan.

Submit w.r.t para 16 & 17 of the Secy planning Dept may be consulted.

20) Before any Scheme can be included in the Second Five year Plan it has to be established that the implementation of the Scheme will result in a substantial contribution towards achievement of one or more of the following principal objectives of the Plan :-

(1) a sizeable increase in national income.

(2) rapid industrialization.

(3) a large expansion of employment opportunities.

(4) reduction of inequalities in income and wealth and a more even distribution of economic power.

21) Schemes which do not satisfy this test cannot be included in the Plan, even though they may be very desirable Such as the Schemes of the archaeological Dept. Or absolutely necessary as on

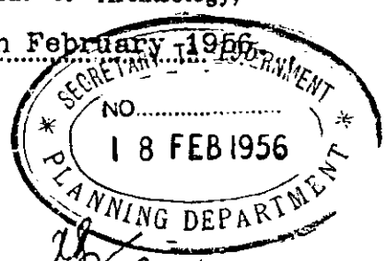
GOVERNMENT OF MYSORE

No. 661.
Encl.

Department of Archæology,

Mysore, 16th February 1956.



FROM

THE DIRECTOR OF ARCHÆOLOGY,
MYSORE.

To

The Secretary to the Government of Mysore,
Planning Department, Atara Kacheri, Bangalore.1.

SIR,

Arch. 8-56-1.

With reference to your official Memorandum No.L.S.10804-900 Plng.136-55-2 dated 27th January 1956, I propose to submit the following note in regard to developments connected with archaeological exploration, excavation and conservation in the Second Five Year Plan. The question facing the outlay of this expenditure connected with these items may kindly be taken up by the Government of Mysore in their discussions with the Planning Commission at New Delhi.

Since there seem to be no references except No.L.S.10804-900/ Plng.136-55-2 dated 24/27th January 1956 and no proposals seem to have been made earlier from this Department, proposals are being submitted now for kind inclusion in the Second Five Year Plan.

1. Archaeological Conservation: Large numbers of new monuments remarkable for their historical and architectural qualities are being discovered but owing to the slender resources of the State, all these monuments cannot be taken up for conservation. A grant of 8 to 10 lakhs for the whole plan period would greatly facilitate this rather important and urgent work. Delay in conserving them, sometimes, would bring about their complete collapse, and entail great loss to the Nat.

2. Archaeological Exploration and Excavation of sites, which are so many all over Mysore, a sum of 2 lakhs may kindly be allotted.

Total of 1 and 2 = 12 lakhs.

As the amount involved is not considerable in view of the size of the plan as a whole, it is requested that the delayed submission of these proposals may be condoned and they be included in the plan and provided for. A sum of one lakh may be sufficient for the first year

P.T.O.

which may be increased to 1.5 lakhs in Second year, 2 lakhs in the third year, and 2.5 in the subsequent year and so on.

Yours faithfully,

K.A.Nilakanta Sastri

(K.A.Nilakanta Sastri)

GOVERNMENT OF MYSORE

No. 679

Mysore Government Secretariat,

Dated, Bangalore, 28-4-1956

FROM

The *Secretary to the Government of Mysore,*
Development Home, Forest & Agriculture
Departments, Bangalore.

To

The Director of Archaeology in Mysore,
Mysore.

S i r,

Subject: Proposals for inclusion of two schemes of the Archaeology Department in the Second Five Year Plan at an estimated cost of Rs.12 lakhs.

With reference to your letter No.661, dated 16/17th February 1956, addressed to the Secretary, Planning Department, on the subject noted above, I am directed to state that, as schemes of all the Departments have already been finalised by Government, no new schemes can be included at this late stage. In these circumstances, I am to enquire how and on what basis the question of phasing the outlay of the expenditure connected with the schemes referred to, could be taken up, as proposed, for discussion with the Planning Commission, New Delhi.

Yours faithfully,

o/c

COM. & DEV. DEPT.

To

SECRETARY TO GOVERNMENT
No.
19 MAY 1956
HOME FOREST &

The Secretary to the Government of Mysore,
Home, Forest and Agriculture Departments,
Atara Kacheri, Bangalore.1.

Sir,

Subject: Proposals for inclusion of two schemes of the Archaeology Department in the Second Five Year Plan at an estimated cost of Rs.12. lakhs.

7551. Sms 1/5

With reference to your letter No.C.&.D.679 dated 28-4-1956, on the above subject, I write to state as follows:-

Apart from the National Monuments in the Mysore State which are being looked after by the Central Government, there are a large number of State monuments remarkable for their architectural beauty, historical importance and cultural value. Every year at least half a dozen such monuments come to light in the course of the survey tours undertaken by the Department of Archaeology. The conservation and the upkeep of these State monuments have become an urgent necessity, and some of them are in an advanced state of decay and steps should be taken immediately to conserve them. Owing to the slender resources of the State Government, the money required for this scheme of conservation can only be found under the grant in the Five Year Plan. In fact such schemes proposed by the Central Department of Archaeology, New Delhi have been included in the Five Year Plan by the Planning Commission and as far as the Mysore State monuments are concerned, the scheme submitted by the Department of Archaeology is merely an extension of that principle.

Schemes such as these, should have been proposed and included under the Five Year Plan much earlier. But unfortunately, the then-Officer in charge of the Department took no action in this regard. Consequently, these two schemes proposed in this office letter No.661 dated 17th February 1956 to the Secretary to Government, Planning

Department, had to be submitted with considerable delay. I should be most grateful to you for kindly including them for discussion and consideration with the Planning Commission, New Delhi. As the amount involved under these two schemes is not considerable, it could be met even from the Reserve of the general funds of the Five Year Plan.

Yours faithfully,

M. Seshadri 17/5
